

YASIR THEYAB ALJOHANI

Senior Project Delivery Engineer | PMP Certified

Saudi Arabia | +966 54 370 0250 | yaseraljuhani@gmail.com | linkedin.com/in/yasiraljohani

PROFILE

Senior Project Delivery Engineer delivering infrastructure workstreams from planning and execution to operational readiness and handover. Strong in governance, stakeholder leadership, schedule discipline, compliance controls, SOP development, and Python and VBA automation.

HIGHLIGHTS

- 2025 Excellence Award from the Minister of Transport and Logistic Services.
- Lead interface-heavy infrastructure delivery in live operational environments.
- Implement SOPs, governed templates, quality gates, and audit-ready controls.
- Automate reporting workflows using Python and VBA to improve reliability and decision speed.

EXPERIENCE

Saudi Arabia Railways - Senior Project Delivery Engineer, Infrastructure | 2022-Present

- Lead delivery and operational readiness for infrastructure workstreams from planning to handover.
- Support major rail infrastructure programs including PJB to Waad Al Shamal, NSR/EWR Connection, Sadara to King Fahad Port Corridor, and Hofuf Bypass Project.
- Own governance across scope, interfaces, schedule, risk, approvals, readiness gates, and handover.
- Standardized Notification of Works governance and automated WON and OCC reporting workflows.

AlKhuraji Factory - Planning Engineer | 2020-2022

- Improved planning workflows, production capacity, load balancing, and cross-functional coordination.
- Built integrated schedules, performance tracking, and early constraint visibility.

YASREF - Standards Engineer Intern | 2021

- Supported SAP inventory data integrity, procurement activities, and technical specification reviews.
